

School Commodity Delivery Schedule

Delivery days are subject to change because of holidays and other down time throughout the year. An email will be sent to you a week in advance giving you exact days and estimated times of deliveries. We pledge to be in constant contact with each school/site so that you get the best support possible. The schedule will be posted monthly for more efficient service. If there are any questions about deliveries of school commodities please contact:

Peter Worthen
210-833-8848
